Dear Friend,
Welcome to the 2020 General Election. This November, we will be electing leaders on the local, state and federal levels, including the President. The APA Voice Coalition believes in a nation that lives up to its founding principles anchored in equality, democracy, and justice in all of its forms. Our vote is how we build and assert our power. It is how we demand reform, shape our government and keep elected representatives accountable to our communities. We vote, not only for ourselves, but for our family, friends, neighbors and those who have been denied the right to participate in our democracy. We look forward to seeing you at the polls as our coalition works to build power and visibility for our collective future.

Sincerely,
APA VOICE

ISSUE BRIEFING

The coronavirus has impacted every policy issue and sparked new challenges. The pandemic revealed the existing disparities and inequalities that exist throughout our healthcare, housing, and economic systems. Immigrants served on the frontlines as essential workers but were left behind by non-inclusive coronavirus policy responses. Below are issues that remain top priorities and demand the attention of policymakers on the local, state and federal level for our community.

★ Universal Healthcare
★ Affordable Housing
★ Racial Justice
★ Comprehensive Immigration Reform
★ Small Business and Economic Recovery

This voter guide is part of a campaign by APA VOICE: Voting and Organizing to Increase Civic Engagement. Our goal is to increase awareness and civic participation in the Asian Pacific American community. We are non-partisan and do not support any political party or candidate.
