

# Virtual College Panel

The [virtual college panel](#) is an opportunity for students to learn and gain insight into different students' perspectives on university life. Meanwhile, we want to show our deep appreciation toward the current college students and invite them to share their experiences with those following behind them. We invited a total of four panelists from CUNY, SUNY, and private universities. During the panel, it would cover a wide range of college-related subjects such as, college preparation, college success, the transition from high school to college, the challenges to their faith, choosing the right friends, and successfully navigating the college experience.

Date: Monday, Dec 14
